Professional Experience

Business Project Concept Coordinator, UCL Global Business School for Health

London, UK | Jan 2025 – Sep 2025

- Led end-to-end strategic project for Smart Multi-Patient Ventilator System, coordinating 8-member cross-functional team and delivering 200–300% ICU capacity increase through innovative medical device design
- Conducted market and financial analysis (SWOT, Porter's Five Forces and TAM-SAM-SOM); identified USD 500M+ market opportunity and projected 40–50% cost reduction per patient
- Structured a business case and compliance roadmap (ISO 13485), integrating stakeholder insights from GSK and Nelson Advisory into the go-to-market strategy

Business-Tech Strategy Consultant, CHANEL (Reverse Mentorship Program)

London, UK | Dec 2024- Jul 2025

- Partnered with C-suite executive (Head of Information Security) to enhance technology strategy and crisis management capabilities, improving cross-functional coordination by 25%
- Conducted diagnostic analysis of decision-making processes, identifying bottlenecks and inefficiencies; implemented structured frameworks reducing incident response time by 30%
- Designed and facilitated KPI-focused workshops and developed data-driven, benchmark-backed recommendations that enhanced performance measurement, cross-functional collaboration, and overall business resilience

Management Trainee, Shalby Hospital

Jaipur, India | Nov 2023 – May 2024

- Optimized hospital workflows and compliance processes across departments, improving efficiency by 20% and reducing patient wait times by 15%

Project Assistant, Jaipur Dental College

Jaipur, India | Mar 2022 – Mar 2023

- Managed INR 2M+ medical equipment implementation project, led vendor coordination, installation, and staff training achieving 100% compliance

Education

University College London (UCL) | (London, UK)

MSc, Global Healthcare Management (Leadership), Sep 2024 – Sep 2025

- Activities: UCL Entrepreneurs Society, UCL Consulting Society Member

Jaipur Dental College | (Jaipur, India)

Bachelor of Dental Surgery (First Division), Sep 2018 – Oct 2023

Projects

Blockchain in Cancer Drug Supply Chains, UCL Research Project

London, UK | Jan 2025 – Jul 2025

- Evaluated blockchain adoption in oncology drug supply chains across India and the USA, assessing feasibility, regulations, and economics to develop a strategic pilot roadmap projecting 15–25% cost savings and reduced counterfeiting risk

BloodLink (UCL Innovation Project)

London, UK | Jan 2025 – Apr 2025

- Developed a mobile health app using Design Thinking and Waterfall methodologies; conducted research across 15+ solutions to identify gaps and design features projected to improve blood access efficiency by 20% through real-time inventory visibility
